

Available Disposable Payload for Helicopter Eurocopter EC 120

Guidelines for helicopter loading of passengers and luggage.

The pie graphs are guideline illustrations of the estimated total weight of passengers and luggage that can be carried per trip, to and from the indicated destination – the Available Disposable Payload. The number of seats in each helicopter is not the only factor affecting the number of passengers and how much baggage they can take; destination, distance and weather must be taken into account.

When calculating the number of passengers with luggage for a particular flight we make the following assumptions:

- Weight of adult male passengers - 80kg
- Weight of adult female passengers - 60kg
- Weight of child less than 10 years - 40kg
- Luggage allowed per passenger for Flights - 20kg

We hope that this information will assist you when booking your flight and ensure that you and your clients have a pleasant and trouble free experience with Zil Air.

Please note that these loads will vary depending on the weather as more fuel upload may be required

Available Disposable Payload Mahe to Inner Islands

Available Disposable Payload Inner Islands to Mahe

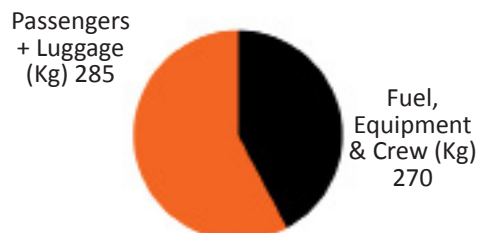

Available Disposable Payload Mahe to Denis

Available Disposable Payload Denis to Mahe

Available Disposable Payload Mahe to Bird

Available Disposable Payload Bird to Mahe

Available Disposable Payload for Fixed Wing P68 C

Guidelines for Fixed wing aircraft loading of passengers and luggage.

The pie graphs are guideline illustrations of the estimated total weight of passengers and luggage that can be carried per trip, to and from the indicated destination – the Available Disposable Payload. The number of seats in each helicopter is not the only factor affecting the number of passengers and how much baggage they can take; destination, distance and weather must be taken into account.

When calculating the number of passengers with luggage that can take a particular flight we make the following assumptions:

- Weight of adult male passengers - 80kg
- Weight of adult female passengers - 60kg
- Weight of child less than 10 years - 40kg
- Luggage allowed per passenger for Flights - 20kg
