

## Vulcan Air P68 C

The Vulcanair Aircraft P68C Series is a twin engine, high wing, fixed landing gear aircraft. Functional yet luxurious, the aircraft provides space for up to five adults providing passengers with ample space in comfortable leather seats.... an experience synonymous with Zil Air's aerial limo services. This Vulcanair underlines the core values of design excellence, the use of contemporary materials and the confidence of superb build quality and innovation.

It is Zil Air's vision to ensure cost effective travel options to its client base and the P68 is very much about providing this diversity. Night operations to equipped airfields is another key factor in the choice of this aircraft.

## Passenger

### Day flight to inner and outer islands

**4 passengers** with the possibility of taking a 5th passenger, depending on the destination and total payload. (Refer to the payload sheet on next page)

### Night flight to Praslin

This is applicable from 18:30 to 05:45

Infants aged 1 to 23 months may be seated on parent's laps. Children over the age of 2 must occupy their own seat under adult supervision.

## Luggage

Total all up weight of luggage allowance will depend on the total payload (i.e passengers load and luggage inclusive) and will vary from one destination to another. Up to 4 large soft suitcases, including mid-size fishing rod, can be accommodated Refer to next page for the Available Disposable Payload.

## Specifications
